Summary

Experienced Software Engineer with 4.7+ years of expertise in building scalable, accessible, and SEO-optimized web applications using ReactJS and Next.js. Skilled in unit and integration testing (Jest, React Testing Library), accessibility testing (NVDA, axe-monitor), and CI/CD (Azure DevOps). Proven track record of delivering high-quality, maintainable front-end solutions in collaboration with cross-functional teams.

Professional Experience

Software Engineer | Mindtree Limited, Bangalore, India   Dec 28, 2020 – Nov 13, 2022

- Developed high-quality front-end applications using ReactJS, JavaScript, HTML, Tailwind CSS, Next.js and Contentful CMS.
- Ensured accessibility by adhering to WCAG guidelines and testing with axe-monitor and NVDA to meet compliance standards.
- Participated in the full software development lifecycle, from requirements gathering to deployment.
- Collaborated with QA teams to resolve bugs and improve application performance proactively.
- Optimized pages for SEO and Page speed using best practices.

Projects:

- **P&G MW DevOps, MINDTREE**
  - ➢ Worked on twenty plus websites for the brand P&G, implementing layout changes and new features.
  - ➢ Led client communications for requirements gathering and status updates, met the deadlines and completed the deliverables on time.
  - ➢ Proactively identified and resolved bugs to ensure smooth user experience.
  - ➢ Utilized Azure as part of CI/CD process which enhanced my knowledge of Azure.

- **P&G LATAM, MINDTREE**
  - ➢ Under this project, I worked on websites that fall under the LATAM region vastly on FamCare Websites for P&G brand. I have been part of major website revamps and handled client calls frequently.
  - ➢ Improved the code performance and implemented features using best practices.
  - ➢ Optimized pages for SEO and page speed using best practices and accessibility by adhering to WCAG guidelines, ensuring a seamless user experience.
  - ➢ Led front-end revamps with focus on SEO and accessibility best practices.

Software Engineer | LTIMindtree Limited, Bangalore, India   Nov 14, 2022 – Present

- Continued development of scalable and accessible front-end applications using Next.js, JavaScript, HTML, Tailwind CSS, and Contentful CMS.
- Led performance and SEO optimization efforts across multiple brand websites, ensuring fast load times and improved search visibility.
- Integrated Contentful CMS for dynamic content management and streamlined editorial workflows.
- Streamlined deployment processes using Azure CI/CD pipelines, enhancing delivery speed and code quality.

Projects:

- **Hair Care Sites for P&G, LTIMINDTREE**
  - ➢ Developed Next.js-based SSR websites for hair care brands, delivering smooth and interactive user experiences.
  - ➢ Modernized legacy websites using Contentful (CMS), Bazaarvoice (Ratings & Reviews), ChannelSight (Buy-It-Now functionality), and Algolia (search).
  - ➢ Wrote unit and integration tests for reusable React components using Jest and React Testing Library.
  - ➢ Conducted accessibility testing using NVDA and axe-monitor, ensuring compliance with WCAG guidelines.
  - ➢ Boosted page speed by 80% and SEO effectiveness by 90% through performance tuning and best practices.
  - ➢ Integrated Azure CI/CD pipelines to automate build and deployment processes, ensuring continuous delivery and improved code quality.

Professional Skills

- **Languages & Frameworks**: JavaScript, ReactJS, Next.js, Redux, GraphQL, ES6, HTML5, CSS, Tailwind CSS, SASS
- **Tools & Technologies**: Webpack, Babel, npm, Git, GitHub, Contentful CMS
- **Testing & CI/CD**: Jest, React Testing Library, NVDA, Manual Accessibility Testing, axe-monitor, Azure DevOps
- **Agile & Project Management**: Agile, ServiceNow

Education

B. Tech in CSE | Anantha Lakshmi Institute of Technology and Sciences, Anantapur, India | 2016– 2020   CGPA: **7.73**

MPC | Sri Chaitanya Junior College, Anantapur, India | 2014– 2016   Percentage: **92.07%**

SSLC | Minerva High School, Anantapur, India | 2013– 2014   CGPA: **9.8**

Certificates

Build Responsive Real-World Websites -The Complete Guide (Udemy)
Tailwind CSS From Scratch: Learn BY Building Projects (Udemy)
HTML, CSS, JavaScript for Web Developers (Coursera)
React Testing with Jest and Enzyme (Udemy)
